**1**

Go to [www.bmycharity.com/eas](http://www.bmycharity.com/eas)

**2**

Click on 'e-fundraise' and register

**3**

Choose your fundraising activity from the list – if it's not there choose "General Fundraising"

**4**

Follow the on-screen tips to set up your personal homepage and save it for all to see

**5**

Email your homepage address to your friends, family and colleagues

**Done!**

Relax – we'll email you (and them) whenever anyone makes a donation through your site – and the funds will go straight to the charity, so there's no paperwork for you!
